Complete enrollment forms

A simple one-page enrollment form and an enrollment agreement, along with a \$100 refundable deposit, is all that is required.

Schedule an assessment test

All students entering Friedel will participate in an assessment test with the general studies teacher of their grade.

- For entering kindergarten students, a \$50 fee is assessed for the Kindergarten Readiness Test from Scholastic Testing Services, administered by Friedel's kindergarten teacher. The test is a developmental screening measure designed to assess skills that are the foundation for academic and social success in the classroom. Testing takes place each May.
- For students entering first grade and beyond, a general assessment of grade-level skills may be administered. Records from previous school(s) are required before enrollment. There is no fee for assessment testing of older students.

Notification of admissions decision

Upon completion of assessment testing, the admissions team will evaluate student placement. Parents will be notified in writing regarding the admissions decision.

Complete admissions forms

For students who have been accepted for admission to Friedel, a packet of forms will be sent out to families in mid-July. Forms must be completed before the first day of school.

Friedel Jewish Academy Enrollment Agreement

1. A refundable reservation deposit of \$100 per child must accompany the enrollment agreement and enrollment application. Deposits are refundable up to May 20th each year prior to the first year of a child's enrollment. After May 20th, deposits are no longer refundable.
2. Completion of enrollment agreement constitutes an agreement to pay in full each academic year's account, comprised of both total tuition and all related fees and expenses for the student. Friedel is entitled to be reimbursed for any attorney's fees and costs incurred in the collection of any unpaid balance.
3. This enrollment agreement shall be in place until the student graduates from Friedel or until the parent(s) or guardian(s) notify the school in writing of a change in continued enrollment.
4. A fee of \$250 per student will be assessed to families who inform the school in writing of a change in continued enrollment in the upcoming academic year after May 20th of the preceding academic year.
5. Tuition for students entering Friedel after the start of the school year will be prorated based on the number of attendance days remaining in the school year after entry compared with the total attendance days in the school year, plus a \$250 materials fee.
6. If a tuition account is sixty (60) days delinquent, the student may be withheld from classes until the delinquency is resolved.
7. Transcripts will be withheld for the student until all unpaid tuition and fees are received.
8. The student and the student's family agree to comply with Friedel's school policies. The school operates on the belief that a positive and constructive working relationship between the school and the student's parent(s) or guardian(s) is essential to the fulfillment of Friedel's mission, and the student's success. Thus, Friedel reserves the right not to continue enrollment for a student if Friedel Jewish Academy reasonably concludes that the actions of the student or of the parent(s) or guardian(s) make such a positive and constructive relationship impossible or seriously interfere with the school's accomplishment of its educational purposes. The decision of Friedel Jewish Academy in these regards shall be final.
